

Alex Mercer

LEAD FULL STACK ENGINEER

alex.mercer@example.com | +1 (555) 019-2834 | San Francisco, CA

EXECUTIVE PROFILE

Innovative Lead Full Stack Engineer with 8+ years of experience designing, building, and deploying robust web applications. Expert in React, Node.js, and SQL/NoSQL databases. Proven track record of leading high-performance engineering teams, optimizing application performance, and implementing world-class cloud infrastructure on AWS. Passionate about clean code, developer experience, and product-focused engineering.

PROFESSIONAL EXPERIENCE

Lead Full Stack Engineer

Mar 2022 - Present

CloudScale Tech

- Architected and developed a real-time analytics dashboard using React and Node.js, increasing user engagement by 40%.
- Managed a team of 6 engineers to deliver robust SaaS solutions, adopting Agile methodologies and modern CI/CD practices.
- Reduced server infrastructure costs by 25% by migrating legacy monolithic services to serverless AWS Lambda functions.

Senior Software Engineer

Jun 2018 - Feb 2022

PixelPoint Solutions

- Spearheaded the front-end redesign of the company's core e-commerce platform using Next.js, cutting page load times in half.
- Integrated multiple third-party payment gateways (Stripe, PayPal) ensuring secure and seamless transaction processing.
- Coached and mentored 3 junior developers, raising team efficiency by 15% through continuous code reviews and tech talks.
